Apologies Chris, your message went to my spam folder for some reason and I just found it. I have cc'd Lisa Lloyd on this note – she is the Sit Unit Leader and can add you to the list (if this didn't get resolved already). Also, please let us know who else you'd like on it. Just so you know, Dave Hard was already on dist list because he's our OEM RRT representative. Thanks!!

Hello Gina,

I've been referred to you by Mary Beth Vasco at FEMA. My director and I need to be included on the distribution list for EPA Situation Reports for this event, along with Incident Action Plans

developed. Can you assist in accomplishing this?

Dana,

Per my voice message, the point of contact at EPA for the Gold King Mine Incident is Gina Cristiano. Gina is the RRT Coordinator and is staying in the office to facilitate information exchange. She can be reached by email at [cristiano.gina@epamail.epa.gov](mailto:cristiano.gina@epamail.epa.gov) . Her mobile # is [303-349-0661](tel:303-349-0661) or office # is [303-312-6688](tel:303-312-6688).

I demobbed from DR 4229 yesterday to serve as the FEMA Point of Contact ( I am the FEMA RRT member). I am coordinating for Lee dePalo and Tim Deal. I will forward some of the documents that I have received thusfar. I am also participating in the daily RRT, Utah and Colorado calls. FYI-Greg Stasinos from CDPHE was on yesterday's RRT call.

Please feel free to reach out to me if you have any questions.
